GRAPHICS AND SIGNAGE

Levy provides end-to-end graphic design, production, and printing with high-quality results. Our graphic professionals and extensive printing capabilities allow us to produce virtually any graphic regardless of the size and quantity. It's always been our goal to assure our client's needs go fulfilled, whether it's through an individual piece of marketing collateral or seeing your brand come to life on large-scale digital displays. Our focus is to provide turnkey solutions to all of your projects. We can print on various materials and produce graphics of any size. No request is too small, and no off-the-wall idea is too difficult. Whether it's a digital print or basic print, we'll communicate your content visually on banners, signs, displays, and more. At our in-house Las Vegas facility, all graphics are produced utilizing the same designers year after year, show to show. We believe this continuity in personnel sets us apart in the industry. It affords color management control, quality control, efficiency, and speed.

Our talented graphic designers and printing team are involved in every step to streamline the process with quality control. Our capabilities are endless, elevating your brand to deliver your message, your vision with the highest-quality results.

Our unique creative approach delivers state-of-the-art booth design and eye-catching custom built-outs that never go unnoticed.

TESTIMONIALS

"I have worked with LEVY Exposition Services for the past 12 years as my exclusive general services contractor/decorator and the level of service, dedication, and commitment to excellence has been like nothing I have experienced before in my 18 years in the meetings and convention management business. After working with many of the "big name" providers in the industry for many years it was very easy to see the difference in value, service levels, and pricing at LEVY Exposition Services.

Widely viewed as an extension of our staff by many including our executive leadership team LEVY has worked hard to earn the respect of our association, our members and exhibitors and place a very high level of appreciation on our partnership as a result. The expectation of LEVY's Leadership is that everyone provides the same level of customer service from the President on down and that's a rare thing in our business climate. I would highly recommend LEVY to any organization, association or business entity looking for excellence, professionalism, and value in a business partner."

"Having had the pleasure of partnering with LEVY for the last 18 years, I can unequivocally attest to their being exceptionally dependable, efficient, responsive, proactive, and cost conscious. LEVY consistently goes above and beyond normal industry standards to provide outstanding service to both my organization and our exhibitors, who continually rate LEVY extremely positively in post-show evaluations. From incredibly in-depth planning processes all the way through complicated on-site executions, LEVY always delivers! Including LEVY as a trusted part of my convention implementation team truly makes my job much easier throughout the entire process, each year. I can't imagine working without them."

"I worked with the largest general service contractor in the industry for many years prior to my current position where they partner with Levy but I wanted to give them a chance before making any change. Now, I am a convert and love working with the Levy team. They are incredibly responsive, professional, and truly feel like a part of the ASRA family. And, through the many challenges of 2020, they have proven to be a really supportive partner. Levy's a great choice and one I am happy to stay with through thick and thin."
